

The Breakthrough Strategist, Anthony Ally, got his client's product into 200 international companies in 4 months, quadrupled company growth in 9 months, turned around several companies in less than 2 months, and empowered employees to accelerate their career growth!

Using unique Agape model, Anthony Ally inspires higher organizational and personal performance results!

As a natural programmer, Anthony was substitute teaching his college class by his 6th week in his 1st computer class. To overcome boredom with university curriculum, read Feynmann's theoretical physics volumes. Took on the first chess computer in school and won. Was his college's #1 chess board and taught programmers in languages he had never studied. When he couldn't afford MIT's out of state tuition, he went into toughest direct sales field and got fired. Then, miraculously he uncovered and applied the Agape Model, which led him to become

Anthony Ally
